

Annual Review of an Education, Health and Care (EHC) Plan

Pupil Comments

Dear: _____

You are invited to attend the annual review of your progress on _____

The meeting is a chance for you to say what you feel has gone well over the last year and what has not gone so well. An adult or a friend can help you if you like. Please read the questions on this paper and decide what you think then write it down.

	What is working well?	What is not working well?
How are you finding the lessons and the support provided to help you in school?		
What subjects do you most/least enjoy and why do you enjoy/dislike them?		
What do you do at break and lunchtime at school? Do you enjoy this?		

<p>What do you do with your free time outside of school? Do you go out with friends? Attend activities/groups? Do you go out to by yourself to meet friends? Do you use public transport to do this?</p>		
<p>How are you managing with your independent living skills? Such as dressing, using money, cooking etc.?</p>		
<p>Have you thought about what you would like to do when you leave school? E.g. Go to college, type of work you would like to do, an apprenticeship?</p>		

Is there any further support that you think would help you?

Is there anything else that you would like to discuss at your review?
